"REVELATION: UNPACKING HEAVENLY SYMBOLS"

The New Testament's final book has long been a puzzle for Christians trying to interpret its coded language and vivid images. Written to Churches, how can its messages help individuals and churches today in their spiritual growth? We will look at authorship,

dating, and structure as well as the historical, political, social, religious and cultural practices to find answers. Then we have an informed basis to pull the text forward to see how its patterns apply to Christians today — both collectively and individually. Please join us and bring your Bible!
